

Ultra Green Floor Sweep

The all-natural sweeping compound that makes your floors shine without needing any water.

The application process is so simple, just sprinkle it over your floor & sweep it right up. Your floors will look as if you have just spent hours mopping them! After repeated use, your floors will start to develop a natural shine, as if they have been polished.

Eliminates Dust,
Picks Up Dirt AND
Shines the Floor!

After a few applications, your floors will start to shine.

Ultra Green Floor Sweep is perfect for:

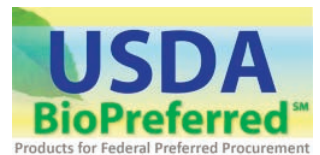

- Industrial Areas
- Garages
- Basements
- Workshops
- Construction Areas
- Warehouse Floors

Ultra Green Floor Sweep allows you to get the dust off your floors easier and quicker, with better results than other sweeping compounds in today's market. Again, I stress to you that our unbeatable product is 100% natural and is now available for everyone for the first time. Ultra Green Floor Sweep, is truly a great product and your dusty floors will soon be history!

Your floors will look as if you spent hours mopping!

Consumers want to make more informed product choice decisions and BioPreferred will help them. This label will help consumers, businesses and Federal government purchasers easily identify biobased products.
